I keep my shoes on
Just in case I gotta run
I keep my shoes on
Just in case I gotta run
I wear a big shit eatin grin
Just in case I'm having fun

I don't look at my iPhone
There's nothing there that's right
I don't look at my iPhone
There's nothing there that's right
Just a whole lotta people
doing things that I don't like

I don't read the papers
There's nothing there that's good
I don't read the newspapers
There's nothing there that's good
And now I sleep at night

Just like I always wished I could

I don't know a lot

But this is what I know

I don't know a lot

But there's one thing I know

Nothin much has ever mattered

Wishin it did don't make it so

I'm disconnected

I'm disconnected

Disconnected

I'm disconnected

I'm disconnected

uh huh

whatcha think about that
